

EASLE
Technology Platform for 21st
Century Learning

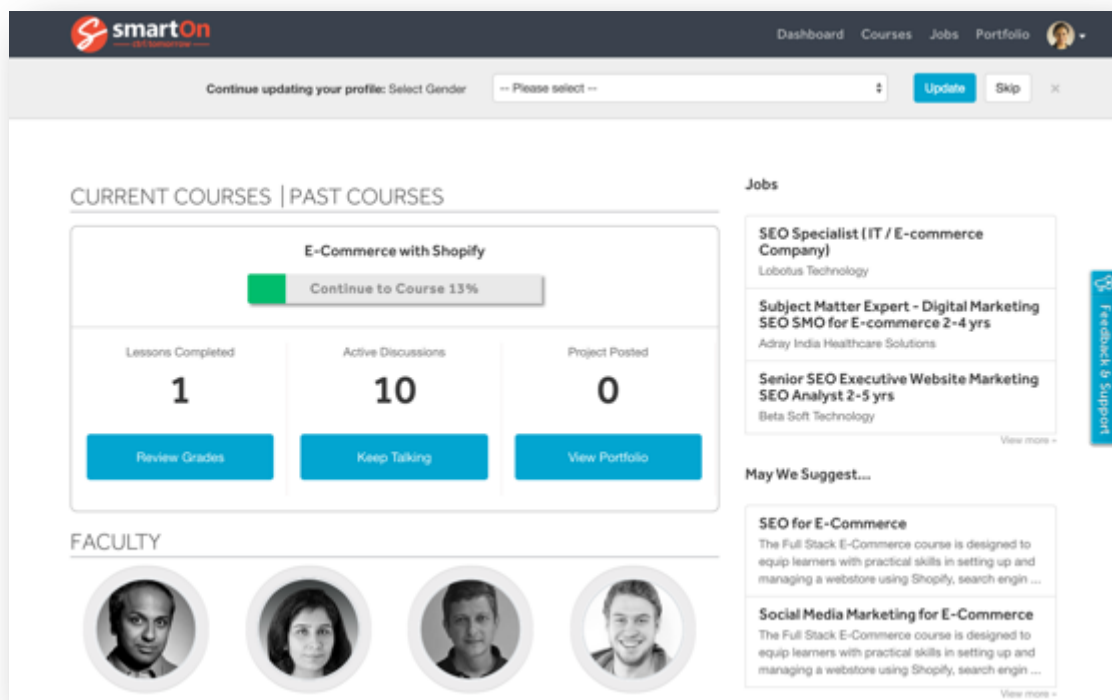

SmartOn partners with leading Universities & Educational Institutes to help them design, develop, and deliver the 21st century higher education, **Online.**

We provide full-service, innovative online educational solutions. Your success is our success; we help you enable your vision and further your mission.

WHAT IS EASLE

Easle is SmartOn's proprietary cloud-based learning and career management platform for the 21st century educational institutions and learners. Easle is a world-class platform that helps extend an institution's capabilities beyond traditional means. With Easle, institutions can foray into online learning in a matter of weeks while students can enjoy web/mobile-based access to learning resources.

Easle integrates its powerful native features with Canvas, world's leading open source learning management system to bring the best learning experiences for the students.

Easle provides institutions with the most effective and flexible solution for handling every aspect of the online learning process. The system is designed to facilitate social & mobile learning to deliver top-notch experience for the greater success of your students.

- ✓ Designed specifically to facilitate online learning
- ✓ Manages both traditional and non-traditional programs
- ✓ Affordable state-of-art cloud based platform
- ✓ Customizable private instance, dedicated support staff

Why Easle

Benefits

- ✓ **AFFORDABLE** : No Significant Investments and CAPEX
- ✓ **ONE-STOP SOLUTION** : No need to deal with multiple vendors and technologies
- ✓ **BUILT FOR TOMORROW** : Robust and Scalable cloud infrastructure industry best practices with social and mobility as core focus

“Pearl Academy is a pioneer in creative education in India. When we started thinking of online, we evaluated several solutions but were not impressed. Easle’s capabilities extend beyond LMS and allows us to replicate our class-room experience to our online learners”
